Welcome to Infinite Campus <u>STUDENT</u> Portal!

Infinite Campus is a student information system designed to manage attendance, report cards, schedules, assessments and other information about our students. As a student enrolled in grade 5-12, you will have access to *Campus Student Portal* which is a confidential and secure website that allows you to log in and view your information. There is also an app available for both iOS and Android devices.

Logging into the Campus Student Portal will allow you to view the following real-time information:

- Demographics
- Class Schedules & Locker Info
- Bus Route Information
- Attendance
- Report Cards

Instructions for logging into your student portal account are located on the back of this letter.

<u>This is your personal student level account and you will be able to see only your own information. Your parents will also receive a parent level account that will allow them to see information on all students in the household.</u> We recommend that students use their personal student accounts rather than a family/parent account to ensure data privacy.
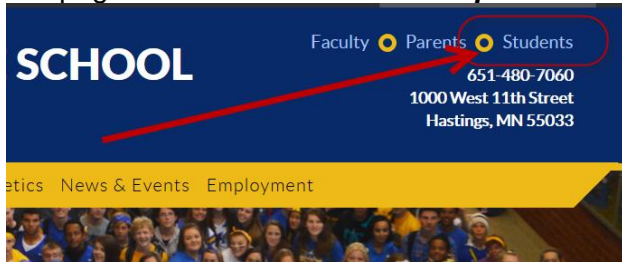

If you have additional questions regarding Infinite Campus or Campus Portal, please contact the counseling office.

For the opportunity to access *Campus Student Portal*, every student is asked to act in a responsible, ethical and legal manner. By accessing *Campus Student Portal,* students agree to adhere to the following guidelines:

1. **Not** share his/her password with others.
2. **Not** attempt to alter, harm or destroy data.
3. **Not** use Campus Portal for any illegal activity, including violation of Data Privacy laws.
4. **Not** access data or any account owned by another student.
5. **Will** notify ISD 200 immediately if s/he identifies a security problem with Campus Portal.
6. **Understands** that s/he be denied access if s/he is identified as a security risk to Campus Portal.

How to access your <u>STUDENT</u> Portal Account
